

**R-84-16: A resolution on peace in Central America**

*Resolved*, that the 110th Convention of the Diocese of Southern Ohio call up the government of the United States to seek peace in Central America through a negotiated political process rather than by military means, and to work to reduce the increasing militarization of Central America, and to use such resources as it has to support those governments that demonstrate are for the human rights of their own people and those of the region.
